Re: TCEQ Public Drinking Water Recognition Program

Dear HASKELL WOTKYNS:

For calendar year 2006 we are recognizing public water systems for the accomplishments they have made through their effort and dedication to the state and to protecting the public health of Texans. Within the past year Public Water Systems (PWS) throughout the state have improved their performance. We recognize your water system in the category listed on your certificate.

Six individual recognition categories are available for each PWS listed in the TCEQ Water Utilities Database: Innovative or Proactive Public Water System, Outstanding Total Coliform Rule Implementation, Outstanding Public Water System, Source Water Protection Substantial Implementation, Small PWS Security Implementation, and the Texas Optimization Annual Recognition. Each nominated water system is evaluated on criteria listed for our awards at www.tceq.state.tx.us/goto/pdwawards.

We have posted names of the public water systems receiving recognition awards for 2006 on our Agency web site at www.tceq.state.tx.us/goto/pdwawards. Congratulations on your selection as an award winner.

Sincerely,
